

- Do you have a loved one or friend who is struggling with addiction?
- Is your drinking or substance use getting you in trouble at work or at home?
- Has your teenager become unmanageable, and doing poorly in school? Are you worried about who they are hanging out with and are concerned that they are using drugs?

Find Help..... Recover at CREATE

CREATE Philosophy

We believe that addiction is a treatable brain disease that profoundly affects the lives of individuals, families, and communities. CREATE, Inc. is committed to providing our participants and their families with quality clinical services and treatments that are trauma-informed, patient-centered, and holistic. Our ardent desire is to better the emotional, physical, and spiritual lives of our participants and their loved ones.

CREATE Treatment

- All therapeutic services are provided in individual, group, and family modalities and are evidence-based.
- Medication Assisted Treatment is offered and used in conjunction with counseling and behavioral therapies, to provide a whole-patient approach to the treatment of substance use disorders.
- All participants are assigned to a Primary Counselor who will develop an individualized treatment plan that addresses all areas of concern to participants and their loved ones.
- Medical services, psychiatric services, vocational services and case management are available on-site.

CREATE's Treatment Team

CREATE's clinical staff are qualified professionals who are able to provide treatment for substance use problems and mental illness. We employ Physicians, Psychiatrists, Certified Social Workers, Registered Nurses, Vocational Counselors and Certified Substance Abuse Counselors (CASACS)

Our Treatment Tracks

Our Specialty Groups

Seeking Safety for Men and Women	Gender Specific Process Groups	The Art of Emotion Regulation	The Art of Stress Management	Anger Management
Domestic Violence Program	Thinking for Change	Relationships and Intimacy in Recovery	Alcohol and Marijuana Specific Groups	Parenting Skills Development
Treatment Phase Groups	Addiction and the Family	Relapse Prevention	Eating Disorders	Peer Socialization

Family Support Program

CREATEs Family Support Program is designed to bolster the resilience of our families who have been ravaged by their loved ones’ addiction. Our talented and compassionate staff, utilizing a strength-based perspective, begins this process by helping families understand the illness of addiction, developing a family assessment and finally helping the family achieve equilibrium so family members can move forward and function at an optimal level.
